

Student and Staff Work Together

Button or switch to press or flip that indicates the table needs to be cleaned (would be placed on or on the side of the table).

vht9src2z8

Clean/dirty card to flip that hangs on the side of the table towards staff so they can see what is dirty and whats not.

vht9src2z8

Flip-able signs on tables that are colored, so green means clean and red means dirty.

vht9src2z8

An area (like a witeboard or something) to write down the number of table you were just at to allow staff to see what still needs to be cleaned (would need numbered tables of course)

vht9src2z8

Some type of led light that can indicate when a table is in use or not(if not in use then wipe table)(like the lights in airport bathrooms),

vht9src2z8

Numbered cards like you use at restraints(again you need numbered tables) and someone watches to see what cards have been returned to see what tables need to be cleaned

Student Solution

Bring my own wipes to wipe the table.

vht9src2z8

Student volunteers that sign up for 15 minute intervals(could give them a point that can be used for games);

vht9src2z8

Everyone wipes up their mess as soon as they make it(with anything like napkins). This means no more sticky residue left.

Staff Solution

Assigned staff for cleaning tables?

vht9src2z8

Every 15-30 minutes there is a scheduled full dining hall table wipe where the dining hall closes to accomodate that,

vht9src2z8

App Solution

An app to put the table in que to be cleaned.

vht9src2z8

QR codes on the tables that we can scan to say the tables are dirty.

vht9src2z8

Cleaning Solution Provided
